

JIM STEINEKE'S

Pocketbook Pact with the People

As a citizen seeking to be your representative to the State Assembly, I want to restore your faith and trust in your state government, Like you, I have become disillusioned with the political process, policies that fail us, and politicians who say one thing and do another. I propose the following to the people of the 5th Assembly District:

As your Representative to the Wisconsin State Assembly, I will work tirelessly to promote the values and ideals consistent with the needs and concerns of the people of the district. I will not put myself or my party's interests above your own. You will know where I stand on the issues, and I will be true to my beliefs. The following will outline my core principles and beliefs:

Keeping and Creating Good-Paying Jobs in the Fox Valley

Good-paying jobs are leaving the Fox Valley and we must reverse this alarming trend. Keeping existing jobs and creating new high-paying jobs is critical. I will vote for legislation that streamlines permitting processes for businesses that will bring good-paying jobs to the Fox Valley and legislation that invests in the skills of our workers. I will vote against more regulation and higher taxes on businesses that drive jobs out of our state.

Lower Prices at the Pump, Lower Costs for Energy

With gas prices around \$4 a gallon and winter heating bills expected to go up more than 20%, it's time to drill more, use less; expand the use of alternative fuels including nuclear energy; and reduce our reliance on foreign oil. I will vote for legislation that will achieve those goals and vote against proposals that will drive up gas prices and monthly utility bills.

Quality Health Care Fox Valley Families Can Afford

I will vote for common sense reforms that will reduce the cost of health care and put patients in charge of their own health care. I will vote against any proposals for a politician-run, state government takeover of our health care system.

A State Government Fox Valley Taxpayers Can Afford

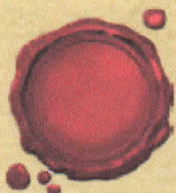

Fox Valley taxpayers simply cannot afford to continue to pay for the excesses of our state government. I will vote to create a smarter, but smaller government that lives within the means of ordinary taxpayers. I will also vote to cut taxes again and again and again until they are line with our families' ability to pay.

Common Sense Immigration Reform

While the politicians in Washington fail to fix our broken down immigration system, Fox Valley citizens are forced to pay for the consequences. It's time for the state to step forward. I will vote for legislation to crack down on employers who hire illegal immigrants and prohibit illegal immigrants from accessing state taxpayer-funded benefits.

As your representative, my votes will be consistent with these principles. I would rather get voted out of office because I stood by my principles than get voted out because I compromised them. If you would like more information on my positions on the issues, please visit my website at www.JimsOnYourSide.com or call 920-427-2477

Signed this 10th Day of September, 2008
